Saturday 6th July

9:00 - 9:30	**Registration**	
	Papers	**Theme: Space and Sound**
9:30 - 10:30	Gerard Pape	Keynote: Form, Space, Time
10:30 - 11:00	Jim Barbour	Applying Aural Research: the Aesthetics of 5.1 Surround
11:00 - 11:30	Elsa Justel	Space as a Structural Function in electroacoustic Music
11:30 - 12:00	Ian Stevenson	Spatialisation, Method and Madness Learning from Commercial Systems
Lunch break (1 hour)		
		Theme: Composition
13:00 - 13:30	Andrew Brown	Opportunities for Evolutionary Music Composition
13:30 - 14:00	Paul Doornbusch	Mapping in Algorithmic Composition and Design
14:00 - 14:30	David Hirst	Developing Analysis Criteria Based on Denis Smalley's Timbre Theories
Tea break (30 minutes)		
		Theme: Systems for live performance
15:00 - 15:30	Steve Adam	Control and Mapping Strategies for *HybriD*
15:30 - 16:00	Peter McIlwain	A Survey of Software Designs from the Sonic Art Group
16:00 - 16:30	Timothy Opie	Granular Synthesis: Experiments in Live Performance
16:30 - 17:00	John Davies	Australian Music Centre Report

Sunday 7th July

		Theme: Machine Listening
9:00 - 9:30	Ian Kaminskyj	Multi-feature Musical Instrument Sound Classifier with user determined generalisation performance
9:30 - 10:00	Andrei Bajurnow & Alexandra L. Uitdenbogerd	Towards Audio-Based Music Information Retrieval in the RMIT University MIRT Project
10:00 - 10:30	Ian Kaminskyj & Mark Williams	Web Based Automatic classification of Musical Instrument Sounds
Tea break (30 minutes)		
		Theme: Composition
11:00 - 11:30	Warren Burt	Developing and Composing with Scales based on Recurrent Sequences
11:30 - 12:00	Robert G. Morgan	Metamorphosis as a Musical Algorithm
12:00 - 13:00	ACMA AGM	ACMA AGM
Lunch break (1 hour)		
		Theme: Space and sound
14:30 - 15:00	Johnathan Mustard	Correlating Movement in Space to the Parameters of Sound
15:00 - 15:30	Robert Coburn	Composing Space: The Integration of Music, Time, and Space in Multi-Dimensional Sound Installations
15:30 - 16:00	Ros Bandt	Spatial Counterpoint as a Design Principle in the Australia Gallery, The Melbourne Museum
16:00 - 16:30	Andrew Lyons	Abstractly Related and Spatially Simultaneous Auditory-Visual Objects
Tea break (30 minutes)		
17:00 - 17:30	Ros Bandt & Iain Mott	Report on the Australian Sound Design Project

Monday 8th July

		Theme: Systems for live performance
9:00 - 9:30	Lindsay R. Vickery	The RoboSax Project (1991-2001): forms of performer/machine interaction in works by Johnathan Mustard and Lindsay Vickery
9:30 - 10:00	Hannah Clemen	Enhancing the Experience of Music-Ritual through Gesturally Controlled Interactive Technology
10:00 - 10:30	Lindsay R. Vickery	The Yamaha MIBURI MIDI jump suite as a controller for STEIM's Interactive Video software Imag/ine
10:30 - 11:00	Angelo Fraietta	Smart Controller – Artist Talk
Tea break (30 minutes)		
11:30 - 12:00	Lissa Meridan	Elastic Horizon: Mapping Collaborations
12:00 - 12:30	Lawrence Harvey	Studio Reps Forum report
Lunch break (1 hour)		
13:30 - 15:30	Forum Session	Forum Session
